

NZ Pig Hunting Association AGM

31/07/2011 meeting at Taupo 1.00pm

I have found being interim president of the newly formed NZPHA, both challenging and rewarding.

The committee has beavered away tirelessly contacting and informing as many fellow hunters around NZ of our intentions and objectives.

We have had meetings from as far north as [Keao], and as far south as Dunedin. The response from these meetings has been so positive, that I feel this new association we have formed can't fail. Clubs and groups of hunters have and are being formed up and down the country, so people can belong to us, and receive information from us.

I feel we have been very fortunate to have had the services of Gary Ottmann and Geoff FitzGerald over the last 18 months. Their knowledge and {enthusiasm} has been unbelievable.

We are having sponsors contact us to investigate how we can be beneficial to each other. The pig hunting magazine "Hooked on Boars" has been chosen as the official magazine for the NZPHA.

Our challenge is to get as many of the 25,000 pig hunters in NZ to join, so our association can go from strength to strength with people power. So pay your \$10, hop on board and enjoy the ride.

Presiident: WF Petersen:
